The

Giving, sharing, and participating; all three of these played an important role in The OCHS Year 1969.

For the first time a program was initiated by the Psychology Class in which students could give of themselves by working at Salem Christian School for the Handicapped. The joy and knowledge gained from this experience will never be forgotten by the Seniors. A Drama Club was introduced to our school under the direction of Mrs. Ondersma. By working together in this club and various other clubs on campus, friendships were developed and a harmony between students of varying classes was achieved. Homecoming, The Junior-Senior Banquet, basketball games, and many other school activities contributed to the giving and sharing of students at OCHS. These are only a few factors which helped our students gain a closeness and an enjoyment out of the school year.

We, the Shield Staff, have attempted to portray this giving, sharing, and participating of students by choosing pictures and arranging them in a fashion that will make each individual vividly recall the events of the year. We hope we are successful in presenting this year with such clarity that one will never forget the OCHS Year 1969.

Dedication

DEDICATION

We, the Shield Staff of 1969 dedicate this annual to you two for your efforts on behalf of Christian education.

Mrs. Bode, you have worked laborously at the elementary school. The lessons and exhortations you have given us will never be forgotten.

You, Mr. Bode, have spent long hours working in the library. We greatly appreciate the time spent after school and on Saturdays in this work.

And so, to both of you, for your dedication, we dedicate this '69 Yearbook to you.

GRADS

To My Dearest John. Written August 29,

I hope this will be something you will alway look back to remember me, if any-thing should happen to come between us. which I pray to God won't. I love you so very much, that I hope I will make you a good wife and a good mother to your children. And as you wish, we will go to church and have pray in our home. For this is how you want it and this is how it will be. I truly want us to have our own life and not Ruined by our in-laws. Not that I don't mind, but we're no longer children, we are adults. We have are own mine. So, when we plan to get married we will agree in what church and so on. And not picked by our parents.

So, I hope all our dreams and wish will come true. So, that we maybe married and live under Gods rules. And be happy for the Rest of Our Lifes.
